A Well Deserved Honor!

At a recent safety workshop in Cleveland, Ohio, RJR Transportation, Inc. was presented with the “Presidents Circle Award” by our Wheels Insurance Group.

What does this mean exactly? It means out of the 35 trucking companies in our group...we are currently rated in the top 5 for our overall safety program!

Each year, each company within our Wheels Insurance Group receives a scorecard for our policy year. Many factors go into this score...things like number of accidents, injuries, losses, driver citations, vehicle inspections etc. We also are graded on how proactive are we regarding safety...do we have AER cameras in our trucks, do we conduct regular safety meetings, do we conduct new-hire training, do we have a random drug and alcohol testing program for all employees etc.

This is a well deserved honor achieved by all of us here at RJR! No matter what our job title is...we each play such an important role in our safety program. We each need to continue to watch out for one another, point out safety concerns, and implement the things we learn while training and in safety meetings.

This month we have talked a lot about awards, safety bonuses and plaques. Please keep in mind, these things are nice, however, the ultimate prize is your health and safety. Keep on truckin’...but do it safely! Congrats everyone!

Rob Leatham—Director of Safety

TRIVIA QUESTION OF THE MONTH

Congrats to Alfredo Penez who correctly answered the July trivia question... when making a lane change, the best way to communicate to other drivers is to use your turn signal and continue using it throughout the lane change.
