

SAFETY IS NO ACCIDENT

When and How to use a Fire Extinguisher

When is it safe to use a fire extinguisher?

- The fire is small and confined.
- You can fight the fire with your back towards a non-threatened escape route.

How do I use a fire extinguisher?

Hold the extinguisher upright and use PASS:

- **P**ull the Pin, standing back 8 to 10 feet from the fire.
- **A**im at the base of the fire.
- **S**queeze the handle to release the extinguishing agent.
- **S**weep at the base of the fire side to side.

Know when to say when...

If the fire continues to grow, or your escape route becomes threatened, or the extinguisher runs out or is not effectively stopping the fire...
LEAVE IMMEDIATELY AND CALL 911!

TRIVIA QUESTION OF THE MONTH

Congratulations to Ruben Garcia who correctly answered the February Trivia Question...as of January 1st, it is now illegal in California to hold a cell phone in your hand while operating a motor vehicle.

March Question

True or False... When using a fire extinguisher, you should aim at the base of the fire using a sweeping, side to side motion.

Submit your answer by contacting Rob Leetham:
robl@rjrtransportation.net Phone 209.858.1124
cell 209.256.9271 fax 209.858.1134

Correct answers will be entered in a drawing to win a \$25 Chili's Restaurant Gift Certificate

SURPRISE! SECRET GIFT! WINNER! CONGRATULATIONS!

IF YOUR NAME IS HANDWRITTEN BELOW CALL ROB L. or REBECCA by Thurs 03/16 to REDEEM YOUR PRIZE!
